

Bringing smiles and
Brighter futures to
Homeless children.

Petya Edwards, Mrs. Dallas International 2010
A Woman on a Mission

Moving to America less than a year ago from Bulgaria, I brought with me a strong love of children and a huge desire to bring them hope and a brighter future.

In today's complex world of government regulations, many nonprofit organizations experience difficulty in meeting the needs of families through their normal resources.

The Petya I. Edwards Foundation will not duplicate the efforts of these agencies, but support them with desperately needed services out of their reach through a large network of volunteers. We are committed to provide funds or a "safety net" for families with children experiencing homelessness and childhood cancer.

Funds will be raised by multiple events each year. The schedule will include... a Golf Tournament, private auctions, a yearly Gala, private drives and recycling programs. Each of our volunteers are driven enough to organize like fundraisers and spread the news about each of the causes and the many organizations we support.

Bringing smiles back to the faces of children in need, is my passion, and what my foundation is all about.

"Everyone has the need to contribute. It is one of the six human needs. If you give from your heart, it will come back to you tenfold."

- Anthony Robbins
